

The power of a well-executed  
corporate meeting  
to change people and business  
results can  
be extraordinary.

# CREATING POWERFUL, FUN & ENGAGING OFF-SITE MEETINGS

The InnerWork Company brings an unparalleled range of meeting programs, experiences, and facilitation that will help you create great meetings that produce results. Since 1990, hundreds of organizations and thousands of participants have experienced InnerWork's unique meeting programs and facilitation services that build the whole person, the whole team, and the whole business through corporate meetings.

It starts with us learning your meeting's business and group dynamics goals. Our senior meeting consultants will suggest interactive proven options and experiential approaches that will enhance how your meeting can deliver more impact, energy and measurable results.

Please contact us at [888-216-3565](tel:888-216-3565) for a complimentary discussion on how we can support your team in creating an extraordinary meeting experience.

InnerWork's interactive programs and facilitation methods can easily complement your meeting content, group dynamics, time frames, and budget. With over 50 different programs, and over 100 professional facilitation methods to draw from, you can ensure your meeting will be extraordinary. Possibilities include:

## Self Programs

"InnerWork created a fun and results-oriented meeting for our top leaders. It was a huge success!"

Citigroup

"InnerWork's programs and meeting facilitation is just amazing, and helped us exceed our expectations."

SunTrust Bank

"We are so glad we selected InnerWork to facilitate our most important annual meeting and business planning session. Great programs, great facilitators. We will call on you again!"

Microsoft

# The InnerWork Company

Changing Business One Meeting at a Time

For centuries, people have needed to gather and discuss their most important issues, learn new things, and develop new bonds and commitments to one another. These days, for organizations, the corporate meeting is the new village green.

The InnerWork Company is a management training and consulting group that improves our clients business performance through the comprehensive development of people, teams, and the organization. InnerWork provides corporate groups with a wide range of meeting design, programming, and facilitation services to create effective meetings.

Internationally, our team has now served over 100,000 corporate meeting attendees, and our corporate meeting design, program and facilitation services have been used by most of the Fortune 500 companies to enhance their return-on-investment (ROI) and return-on-objectives (ROO) from their corporate meetings. Our value-adding services have helped our clients produce documented multi-million dollar results from more effective, high impact, and engaging corporate meetings.
